袋井駅前～市民病院～遠州森町～春野校舎～気多

Table with 42 columns representing stations and rows representing distance intervals (180m to 770m) between stations. The table shows the cumulative distance from each station to the next, with values increasing from 180m at the start to 770m at the end for each station. The final column '気多' starts at 180m and ends at 770m.
